

CAROLINA RECYCLING ASSOCIATION

Conserving Resources by Advancing Waste Reduction and Recycling
in the Carolinas since 1989

The Southeast Construction & Demolition Recycling Conference: Opportunities in Greener Building

Sheraton Charlotte Airport Hotel, Charlotte, NC
December 7-9, 2010

CALL FOR PROPOSALS

Construction and Demolition (C&D) recycling is a growing movement and an essential element in green construction. The CRA continues its tradition of providing outstanding training and networking opportunities for everyone interested in reducing waste and increasing recycling throughout the Carolinas and beyond. Join us as we explore the impacts and opportunities with this dynamic topic.

CRA wants to offer the opportunity to provide input into the conference program. You are invited to propose a presentation, session, or speaker for the conference. Please fill out the form below with a brief outline of your ideas and submit them for review. The program committee will use these proposals along with other input to craft the conference program. Specific ideas with specific speakers are especially appreciated!

Proposals must be received by August 13, 2010 to be considered.

Topics for consideration may include, but are not limited to:

- Collection Strategies
- C&D Material End Markets
- Private Sector Growth Opportunities
- Local Government Initiatives
- Legislation & Policy Issues
- Job Creation Strategies
- Green Building/LEED
- Recycled Content Building Materials
- Military Programs
- Storm Debris Management
